¹Chargers sold separately. Fast Charging capacity requires a Fast Charger. Supports up to 7.75W Fast Charging. Higher watt charger charges at lower watt device capacity (e.g., 15W Fast Charger will charge Galaxy A03s at 7.75W capacity). Use only Samsung approved chargers and cables. To avoid injury or damage to your device, do not use incompatible, worn or damaged batteries, chargers or cables. For more information on your device, please visit samsung.com. ²MicroSD card sold separately. ³Galaxy A03s does not support full Samsung Knox security and management capabilities. ⁴All other products and services (such as Extended Warranty) have up to three years coverage. Sales can request special pricing or contract terms through Samsung's Special Price Authorization (SPA) process. ⁵5G: This device is compatible with mmWave, Sub-6 and C-band 5G networks. LTE: This device will work on any compatible LTE network. Wireless voice, data and messaging services are compatible with most GSM networks such as AT&T and T-Mobile and CDMA networks such as Verizon, Sprint and US Cellular. Support for certain rate plans, features and services such as VoWiFi and hotspot vary by wireless service provider. See provider for details. ⁶Total amount of available memory may be less based on configuration. ⁷Portion of storage occupied by existing content.
